

The Disease

Niemann-Pick Types A and B (NPA and NPB) are caused by the deficiency of a specific enzyme, acid sphingomyelinase (ASM). This enzyme is found in special compartments within cells called lysosomes and is required to metabolize a lipid called sphingomyelin. If ASM is absent or not functioning properly, sphingomyelin cannot be metabolized properly and is accumulated within the cell, eventually causing cell death and the malfunction of major organ systems. For additional information on Niemann-Pick Disease, please visit their website. www.nnpdf.org

The Purpose

Currently, there is no known cure for Niemann-Pick Disease. Please help us by donating to the Niemann-Pick Disease Foundation. Together, we can assist in finding a cure.

Donations

All Proceeds are donated to the Niemann-Pick Disease Foundation

National
Niemann-Pick Disease
Foundation

The Event

- 4 Person Scramble – First Tee Time 10:00 a.m.
- Creskide GC, 701 Lincoln Ave. Modesto, Ca 95354 209-571-5123
- Raffle
- Silent Auction
- Hole Sponsorship Appreciated
- Contests / Prizes

The Donation

- Entry Fee \$100 per person
- Includes:
- Green Fees
 - Cart
 - Lunch
 - Range Balls

Contact Info

To participate or donate, please contact Rick or Cindy Pruneau @ cmpjune@aol.com, or call 209-551-8698

Entry Deadline – August 19, 2007

Katlyn says, Save the Date!

September 8, 2007

We hope you'll participate!
